

WHY YOU CHOOSE ELITE

For your yearly service

Your factory warranty is safe

We do NOT void any factory warranty by performing your yearly service. By law you are not required to service at the dealership, as long as the manufacturer specs are followed.

- Only master-certified technicians, each with **13+ years** at Mercedes-Benz dealers.
- We tell you which repairs your dealer should do **at no cost** under warranty or recall.

WHICH OIL DO WE USE?

While your vehicle is in the 4-year / 50,000-mile factory warranty, we use the **factory-recommended oil** to keep your warranty valid.

Out of warranty, we have **better choices for the long haul** if you plan on keeping your Benz. Just ask and we'll walk you through them.

We've seen a high failure rate of Mercedes engines that all stem from lack of lubrication and poor oil quality, which is why we stress frequent oil services with quality oil only.

No A. No B. One price, every year.

The B service used to add wiper blades, a brake fluid flush, a cabin filter and a fuel additive. Most dealers dropped those extras but kept the higher price. We do **the same complete service at the same price**, every year.

A yearly service at Elite is a much more in-depth evaluation of your vehicle and its needs at its current age and mileage, not a guess from a recommendation list that ignores your situation.

We tell you what needs attention now, what can wait, and what it will cost. **You decide.**

Dealers often push whatever services they think you need at that mileage, no matter your history. These items do need to be done, but there's **flexibility** in schedule and cost.

"Come to Elite, where the dealer can't compete."

We let you know about repairs coming up soon, so they don't leave you broke and stranded on the side of the road.

We tell you about any repairs your dealer can do **at no cost**, and how to approach them.
